

SOL NEWS THE LOTUS ONE EN C+

SOL have just announced the launch of a new top of the range wing for experienced pilots who are able to make the most of the vast performance potential of this wing.

Based on the observation that, when flying distance, pilots spend 50% of their time working thermals, SOL have optimized the Lotus One for this type of flying.

The Lotus One (EN C+) is available in four sizes, price 3 650 €. For more information: www.altimo.fr
